

## Experiment station work Volume 3

Filesize: 8.49 MB

### ***Reviews***

*The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).*

He rides his grain harvester and his corn harvester. He loads hay by machinery and pitches it into the barn by horse power. The time is come when it a Compiled from Ann. Rpt. State Dairy and Food Commissioner Missouri, 1 (1907), pp. 129-165. b The general question of conveniences in farm homes has been discussed in U. S. Dept. Agr. Farmere Bui. 270; Experiment Station Work, Vol. III, pp. 12, 113, 250. is positive cruelty to compel, or even allow, the woman to toil on without running water or machine power in the house. The same steam, water, and sewage system that must be present for the dairy will take care of the laundry. The same power used for grinding feed and separating milk and pumping water and sawing wood will turn the washer and the wringer. Prices will vary somewhat, but the following will be a guide to the cost of equipping such a room: Equipment and cost of a farm laundry. The investment of 140 for one year at 7 per cent equals 9. 80; deterioration, assuming that they will require to be replaced every fifteen years, equals 9. 35 per year, or a total of 19. 15, or, say, 20 per year, or 38 cents a week; add to this 10 cents more for gasoline used by the engine. If the farmer were compelled to kill and dress two hogs every week throughout the year he would think nothing of spending 50...
